

Towards a Green Transition

From a Business Perspective

Alistair Dormer
President

Japan Business Council in Europe (JBCE)

7 November 2023

The EU-Japan Business Round Table (BRT) Annual Meeting

Key points on CBAM and PFAS regulations

CBAM

(Carbon Border Adjustment Mechanism)

The **symmetry** between **EU ETS** and **CBAM**

- Premises based (ETS)
- Product based (CBAM)

Carbon Pricing in third countries

PFAS Regulation

Full ban

Would potentially inhibit **future innovation**

Risk assessment

Chemical management should use a **risk-based approach**

Persistent itself

The desirable properties of **high durability and unique functionality** of products

Derogation

A **sector-specific assessment** is necessary

Transition

An **adequate transition period** should be allowed

Circular Policy and the “Passport” Policies

Circular Policy Initiatives

Battery Regulation

Eco-design Regulation proposal

ELV (End of Life Vehicle)
Regulation proposal

Proposed “Passport” policies

Necessity for harmonization

standardization
data specifications
sustainability requirements
