## General Information

Short summary

A young and innovative Austrian company specializing in the design and production of garden spaces such as summer gardens, greenhouses, and outdoor living spaces is seeking a manufacturer of acrylic (PMMA) sheets. The company's product portfolio features modern design with the integration of photovoltaics, shading solutions, and sliding glass walls. They are seeking a reliable supplier of 6 mm acrylic sheets outside of Europe, with the possibility of establishing long term partnership.

Full description

The company produces premium, custom-designed outdoor living spaces with modern features such as integrated photovoltaic systems and glass sliding walls. The company emphasizes both aesthetic appeal and functionality in their products, which are marketed to customers in Germany, Austria, and Switzerland.

To meet increasing demand, the company is looking for a manufacturer (extruder) of 6 mm thick acrylic (PMMA) sheets, both clear and tinted (color code R 7057), in the following sizes:

- 2006 x 1008 mm (main volume)
- 1880 x 866 mm
- 866 x 866 mm
- 952 x 1008 mm

The sheets should meet precise cutting tolerances of +0 / -5 mm and include a warranty description detailing resistance to UV radiation and prevention of surface yellowing. The packaging must adhere to specific requirements, with stable pallets as described in the packaging instructions. After successful sampling, full container quantities will be purchased, with delivery to the ports of Hamburg or Rotterdam, including customs clearance.

---

#### Advantages and innovations

---

#### Technical specification or expertise sought

The company is seeking a manufacturer or supplier outside of Europe with expertise in producing acrylic (PMMA) sheets. The ideal partner would offer high-quality materials with reliable UV protection and a robust guarantee against surface yellowing. They should be capable of providing sheets in the specified sizes and packaging them according to detailed instructions. The long-term goal is to establish a reliable, ongoing partnership, with initial deliveries for sampling followed by full-container shipments.
