rue marie de Bourgogne 52
1000
Brussels
Belgium

Address

Shirokane-Takanawa Station Nldg 4F
108-0072
Tokyo
Japan

Partnering Opportunities Database (POD):

<https://een.ec.europa.eu/partners>

The screenshot shows the POD website interface. At the top, there is a search bar with the placeholder text "Search by keyword, e.g. plastic, food". Below the search bar are two buttons: "SHOW RESULTS" and "RESET". To the right of the search bar, there is an information icon and a notification: "Be informed about new events matching your search criteria: [register for personalised email alerts](#)". Below this, there is a "Sort by:" dropdown menu set to "Deadline". The main content area displays "5404 opportunities found". The first opportunity is a Qatari manufacturer of sanitary napkins, baby diapers, and adult diapers looking for distributors or wholesalers. The second opportunity is a Qatari company manufacturing in Doha, producing quality sanitary napkins, babies' diapers, and adults diapers using state-of-the-art technology. A filter sidebar on the left is titled "Filter" and "I'm looking for a partner ...". It lists five categories with corresponding counts: "To buy from (business offer)" (3788), "With tech/expertise that I need (technology offer)" (1090), "To sell to (business request)" (375), "That needs my tech/expertise (technology request)" (130), and "To collaborate with/co-develop with (research and development)" (21).
