

**EU-Japan Business Dialogue Round Table
Proposals for the Working Groups**

**WG 1: Creating an open environment for foreign investment in the EU & Japan
(deregulation, distribution and competition)**

Deregulation

- Identify the principal regulatory obstacles to the free flow of trade and investment between the EU and Japan.
- Establish a joint list of administrative and regulatory reform priorities for the EU and Japan as well as a timetable for the implementation of the reform measures.

Distribution

- Suggest actions and measures to promote access to and to enhance the efficiency of the distribution of goods and services in the EU and Japan so as to ensure that markets function competitively and openly.

Competition

- Identify and promote specific measures to enhance the implementation of competition policy in the EU and Japan.
